Product ID: KT65DL - Kewtech KT65DL

Proven multifunction tester combining the latest anti-trip technology, phase rotation, earth resistance & advanced memory, with easy to use functionality. Specifically designed for the UK market.

## PRODUCT INFORMATION

### KEY BENEFITS

Easy to use - straight forward interface

0.001 Ohm high current loop test for when you are close to the supply transformer

PAT testing capability with download when used in conjunction with the Kewtech PAT ADAPTOR 1

Best loop performance accuracy when benchmarked against other brands

Selectable Max Zs tables for MCBs and Fuses so you can automatically compare with measured result on site

Conducts 55V loops so your centred tapped 110V systems can be tested

No Bangs - continuous live monitoring means no blown fuses or PCBs

UK specific RCD test, all six results are presented on one screen - unlike other international brands where you have to scroll

Advanced memory means that you can tag a measurement to a site, distribution board, circuit number and type of test - for instance was that loop test a Ze or Zs?

Proven, accurate and reliable

### KEY FEATURES

Easy to use

Phase rotation in line with new 17th edition requirements

Advanced memory with free software, eg you can save a continuity test as an r1, r2, rn, R2 or R1+R2 and on which circuit.

Powerful 17th Edition software available optionally from Castline Systems

NEW Anti-Trip Technology for full no trip LOOP testing on all RCD types

Test button in probe as well as lockdown test button for 'hands free' testing

Easy PFC & PSC measurement without the need to alter test probes  
250, 500 & 1000V insulation tests with auto discharge  
Additional LED for warning of high voltage output in insulation test mode  
Memory for test lead resistance compensation  
Backlit display  
Auto-test memory for RCD testing with all results shown on one screen, so no scrolling  
Conducts phase to phase loop tests  
Earth resistance for earth rods (with optional Earth Spikes)  
End of line calibration certificate included  
Comes with easily removed and stored lid for excellent protection when not in use  
Can be used with rechargeable batteries  
Complies with BS7671 (Part P)  
**INCLUDES**

ACC064SP G7 test lead with remote test button  
ACC065 G7 Test lead set  
Batteries  
Instruction Manual  
Calibration Certificate  
KAMP 12 Mains lead  
Test lead pouch  
Soft carry case  
**OPTIONAL**

ACCESKIT - Earth Spikes  
PATADAPTOR1 - Pat adaptor for PAT testing

**Our Price: 695.00 GBP + VAT**
